### MONTHLY HUMOR

Murphy's Lesser Known Dictums...

Light travels faster than sound. This is why some people appear bright until you hear them speak.

He who laughs last, thinks slowest.

Those who live by the sword get shot by those who don't.

Nothing is foolproof to a sufficiently talented fool.

The 50-50-90 rule: Anytime you have a 50-50 chance of getting something right, there's a 90% probability you'll get it wrong.

The things that come to those who wait will be the things left by those who got there first.

Give a man a fish and he will eat for a day. Teach a man to fish and he will sit in a boat all day drinking beer.

The shin bone is a device for finding furniture in a dark room.

A fine is a tax for doing wrong. A tax is a fine for doing well.

When you go into court, you are putting yourself in the hands of 12 people who weren't smart enough to get out of jury duty.

**THE OPTIMIST CREED**

*Promise Yourself -*

To be so strong that nothing can disturb your peace of mind  
To talk health, happiness, and prosperity to every person you meet.  
To make your friends feel that there is something in them.  
To look at the sunny side of everything and make your Optimism come true.  
To think only of the best, to work only for the best, and expect only the best.  
To be just as enthusiastic about the success of others as you are about your own.  
To forget the mistakes of the past and press on to the greater achievements of the future.  
To wear a cheerful countenance at all times and give every living creature you meet a smile.  
To give so much time to the improvement of yourself that you have no time to criticize others.  
To be too large for worry, too noble for anger, too strong for fear, and too happy to permit the presence of trouble.
